Each school year, BFSD stages three professional quality dance productions, beginning in December with our holiday tradition, "The Nutcracker." These productions are annually some of our favorite times, producing some of the most special, lasting memories. The \$100 performance fee is waived when families purchase one of our Discounted Family Packages. Further discounts are available if you purchase a package containing a greater number of tickets. All families must purchase a minimum package of 5 tickets for each production. This season, for example, that would mean one package for "The Nutcracker," one package for "The Wizard of Oz/Swan Lake" in March, and one package for "The Greatest Showman" in June.
